HOLLOWAY'S DREAM GARDEN

GAGE T. HOLLOWAY

THE BEST IN GLADS

HENRY, NEBRASKA

PRICE LIST, SPRING, 1938

Yes, here we are again and we do so much appreciate the nice letters you have kindly written us the past season. We were so pleased to know that our bulbs were continuing to give universal satisfaction and the rock work premiums were so well liked. It is with regret that we find it utterly impossible to find time to make up more of this work and are forced to discontinue these premiums.

We wish it were possible to meet each and every one of you personally, thank you for your generous orders, show you our rock garden, prehistoric ceremonial rock carvings of Indian faces and various other Indian work, hundreds of different rock formations and fossils, many varieties of evergreens, rare trees, shrubs and roses, about two hundred varieties of peonies, the Newer Iris, the better items in the perennial world, dahlias, and "Glads that take the ribbons wherever they are shown."

Not content to merely find a market for "Glads," it has been our practice for the past two seasons to supply the better and newer creations in plant life to nearby customers only. This represents a rush during planting season and occasions considerable night work in getting off our Glad orders, which has been assumed a personal duty, and if we are to have any freedom from long hours it is essential that we make a bid for early orders.

As an inducement on orders aggregating \$5.00 or more mailed not later than January 15th, you may deduct a discount of $\frac{1}{4}$ or 25 per cent Those mailed not later than February 15th, deduct 1-5 or 20 per cent and those mailed thereafter deduct 10 per cent.

We have not priced bulbs at the 10 and 100 rate as this discount is equivalent to a cheaper price to the quantity buyer.

To those who wish to pay transportation charges on your order, you will be very pleasantly surprised on the overcount and extras we will include and in the event your order totals \$5.00 before deducting discount, look over our "Super Value Prepaid Special" and select one item free, and additional items (no two alike) for each \$5.00 that your order totals.

GENERAL PREPAID LIST

We Invite Comparison of Prices and Please Remember Discount

No Single Items for Less than 15c

All Bulbs Priced Each—Bubbles as Noted

Lady Eaton	1—L	3—M	Zuni		1—S
La Fiesta		4—M			

Select them no two alike and no discounts on this special.

6 Items \$3.00—11 Items \$5.00—23 Items \$10.00—35 Items \$15.00—and the Entire 50 Items for \$20.00.

We do not believe a better and lovelier assortment can be found anywhere and we take pride in submitting this list to the “Glad” critics of America.

You cannot get too many of these fine varieties at this price.

To those who desire the entire 50 varieties and send in their order prior to February 1st, we will include a large bulb of a Zimmer seedling—Dream O’ Beautyx Pythia. This is a “gem.” We have the entire stock and while it is a slow propagator, plan to introduce it when sufficient stock is available. This is an improved Dream O’ Beauty—Tyrian rose red, good placement, opening more and a silky velvet sheen over all, having more quality than many introduced at \$10.00 per—and, yes, we have paid \$10.00 and more aplenty and get more kick out of seeing the “world beaters” come into bloom than we could if \$100.00 worth of gas would take us around the “world.” This seedling, Evelyn Stinton, Rewi Fallu, Prairie Gold and Vagabond Prince were all rivals of beauty in our garden the past season. Many of us think that Bronze is the richest coloring in flowers and in Vagabond Prince we have the nearest thing to a Bronze of any Glad we know, and predict that when stock is plentiful it will be a leading commercial.

In the event Rewi Fallu is selected from this special and you instruct us to forward your order express collect we will include a medium size bulb in place of the small size as listed.

Just as well mention a few more of our “pets.” It isn’t fair for our garden visitors to rave about them and then think we are barred in telling “our little story.”

Gunvor, Heritage and Lady Eaton, the three temperamental Ladies can be outstanding and were they good the past year! First time, however, that all three got together in the same season and made us "lift the hat." Heritage has only missed once out of four seasons and we still call her the largest pink in the garden. While Arabella is a black "baby," she is a good one, has plenty of size, but not being inclined to raise "large families," will remain rather high in price. However, you cannot adopt a better one in the color.

Tosca is a close runner up and can be very good. Dr. Hoeg seems to be a member of the same family and has a right to be proud of his conduct.

Stewart's Phyllis McQuiston is so reliable that we can trust her in any garden and what a pure pink and a large one.

Errey made a name for himself when he gave us "Rewi Fallu," and was he generous—one spike makes an armful. Mitsch was on the map for keeps when he came out with Flaming Meteor, another glorious red rightly named, and Christabel, the fine pink that we would not wish to live without. Now his reputation is further enhanced with the new ones "Rima" and "Zuni." If you like "Australian girls" do not fail to grab Evelyn Stinton, she is of "jewel quality" and separated many customers from their money last fall. Just had to include her in their orders—"watch her climb."

When it comes to a sensational novelty we think that Doney's not so new Hinemoa is still the highlight of the show. Now down in price, you can get a "thrill" here for little money. Arneius' splendid King Arthur and tall stately Mauve Magic are really good ones.

Pfitzer's Milford is decidedly the most vigorous grower in the improved blues, his star of Bethlehem will rival any white and J. S. Bach will always be accepted as one of the best. Prestgard's reputation in giving us three of the loveliest decoratives that are now low in price—in Sweetheart, Brightside and Golden Poppy, cannot be questioned. We had one customer who seemed very fond of a girl friend that would accept nothing else but a full bouquet of Sweetheart.

Contrary to the rule that some of the Mair varieties are not the best growers, Irene is an exception, and what a girl. Steve's Sunset Cloud is well deserving of the name. Pruitt sure was not forgetful of us when he came out with his lovely Shirley Temple, Paradise and Early Peach, and we have such a vigorous grower in Salbach's fine La Fiesta and such good judgment in his patenting the adorable "Golden Goddess" so us "fans" couldn't run away with her. Corrigton seemed to know just what we wanted in Prairie Gold when he created the most wonderful artistic shade of light orange, listed however, as a deep yellow.

When Palmer Seedling No. 26895 "forgets to crook" as was characteristic of "this fine lady" the past season, "we surely know we have something," and what wonderful new ones are his "Angelus" and "Beacon."

Young was surely doing something when he brought out Mary Ansteen and Creve Couer and did he make us like them! And should we forget Christ's grand Smiling Maestro? Not in a blue moon unless our memory is faulty.

When Mrs. Kinyon came out with the lovely Alayne she seemed to know that a real super cut flower would make history, and what about Prestgard's Del Rosa (not introduced)? It just stands out like a row of "bayonets guarding an oasis" and one of those that gets you more and more as you look at it. Well, we could go on and on—many more good ones and some you would perhaps like better as we just don't all like the same girl.

It was not our intent to reserve comment on one of our greatest hybridizers—Mr. Zimmer. Often the best is held for the last. Of all the new things that will be introduced this year our interest naturally centers on his outstanding seedlings. We expect to be in position to supply them at the established price and would appreciate this business from interested fans.

These new things keep us strapped but what a world this would be for us "fans" if we did not have them.

Descriptions and prices follow:

Blazing Star (Brilliant red with prominent white blotch—A Minuet seedling.) at \$10.00. Miss Judy (Peachy salmon pink with prominent velvet royal purple blotch) at \$5.00. Rose Premier (Same shade as a premier rose) at \$5.00. Frances Cart-right (Deep orange, with silken sheen—size and formations similar to Leon Douglas) at \$3.00.

It is our understanding that the release of two more outstanding seedlings is a possibility, viz—Crinkle Shell (Peach buff with small red blotch) and Bobby (Exact Dream O' Beauty color with Phipps form). In this event, we may be in position to supply them.

WHOLESALE

F. O. B. Henry, Nebr., and no Discount. Bulbs priced per 100, 25 at 100 rate, Bulblets 500 at 1,000 rate.

	L	M	S	Bulblets per 1,000

Emma	Orange Lady	Wasaga, \$1.50
Golden Anniversary	Orange Princess	Wurtembergia
		Yvonne

It is unfortunate that we find our Mary Elizabeth slightly mixed with Sweetheart, and "are we sorry." Anyone who has received this variety that was not pure, kindly advise as we wish to refund. We will give this mixture at the low price of the above varieties.

We feel that many varieties in our wholesale list are indispensable for any garden. A full vase of Sweetheart is a lovely thing in the decoratives, and if you do not have Del Rosa, Smiling Maestro, King Arthur, Dream O' Beauty, Lucifer, Margaret Fulton, Red Phipps, Recovery, Pelegrina or Wurtembergia, by all means try them.

Send in a few names of friends when making out your orders that are bonafide "Glad Fans" and your reward will be extra bulbs in the better varieties. This is fine economical advertising for us and assists in our maintaining the low overhead that permits of these prices, as we cannot pour out a lot of money in expensive advertising and still "balance the budget" without raising our prices to you and yes, with fast changing conditions of Life—Social and Business—Nation—and World—all of us feel that the need of making our money go farther is increasingly realistic. We are just egotistical enough to believe that no better bulbs can be grown anywhere than here in the North Platte valley and the many repeat orders we receive denote that quality and price really bring buyers back.

We are situated on the Wyo.-Nebr. state line on Highway No. 26—the route to the Yellowstone and Black Hills and anyone enroute to the mountain parks is cordially invited to stop and visit us.

Yours for more beauty in the Glad Garden!

HOLLOWAY'S DREAM GARDEN

"The Home of Unselfish Service"
